

## Glacia Robinson

Glacia Robinson is a multi-award winning singer, songwriter, composer, producer, anointed minister of music, praise & worship leader, missionary, model, and author. Her powerful testimony glorifies God and His mighty works in her life for she was revived from the brink of death, restored, blessed, and preserved. She was sick for five and a half years, passing through many hospital doors, surviving countless tests, wheelchair, pampers, and strong medications. Even though doctors gave up on her, holding to the word of God, she declared **Psalm 118:17** “**I shall not die, but live to declare to the works of the Lord.**” God has a purpose for her life and she lives each day to fulfill that purpose. Her ministry extends into international missions, and inspirational and motivational speaking.
